

Wellington Tramping & Mountaineering Club Inc.

Notice is hereby given that the sixty second annual general meeting of the Wellington Tramping and Mountaineering Club Inc. will be held in the Tramping Club Hall, Moncreiff Street, Wellington on:

Wednesday 9th April 2009 at 8.00pm

1. Attendance and Apologies
2. Approval of Minutes of the 61st AGM
3. Matters arising from the Minutes of the 61st AGM
4. Consideration and adoption of the Annual Report and Annual Accounts
5. Election of Officers to the General Committee for the 2009 / 2010 term
6. Consideration and election of Life Members
7. General Business

Note: (a) Associate, Junior, Family Members and Friends of the Club do not have voting privileges.

(b) Please bring your copy of the Annual Report (which includes the Annual Reports) to the meeting.

Nominations

Nominations close on Wednesday 25 March 2009 and the final list will be posted on the Club notice board on Wednesday 1 April 2009.

Nominations received as at 11 March 2009:

President.....Darren Hammond
Vice President.....Marie Smith
Secretary.....Simone Musin
Treasurer.....Steve Austin
Chief Guide.....Paul Jeffries
Assistant Chief Guide.....Craig Bellhouse
Newsletter Editor.....Michael Lightbourne
Ruapehu Lodge Maintenance Officer.....Ian Bunckenburg
Social Convenor.....
Transport Officer.....
Promotions Officer.....Amanda Wells
Membership Officer.....Jenny Beaumont

BY ORDER OF THE COMMITTEE

Sue Walsh
President
11 March 2009

Minutes of the 61st Annual General Meeting of the Wellington Tramping & Mountaineering Club Incorporated

Held in the Tararua Tramping Club Hall
Commencing at 8.05 PM on Wednesday April 16th, 2008

Chair: Sue Walsh (President)
Minutes: Marie Henderson (Secretary)

1. Attendance and Apologies

2007/2008 General Committee Members present:

Sue Walsh (President), Darren Hammond (Vice President), Marie Henderson (Secretary), Steve Austin (Treasurer), Paul Jeffries (Assistant Chief Guide), Marie Smith (Social Convenor), Andrew Trembath (Transport Officer), Dave Bergin (Promotions Officer), Bronwyn Bell (Membership Officer), Ian Bunckenburg (Ruapehu Lodge Maintenance Officer).

Apologies were received from:

Beth and Kevin Griffiths and Robert Griffiths, Allen and Sue Higgins, Sharron Came, Amanda Wells, Paul deLisle, Jilly Ryan.

(Approximately 40 members were present.)

2. Approval of the Minutes of the 60th AGM

Motion: That the minutes of the 60th Annual General Meeting of the Wellington Tramping and Mountaineering Club be accepted as a true and accurate record.

Moved: Marie Smith

Seconded: Andrew Trembath

Outcome: Passed

3. Matters arising from the Minutes of the 60th AGM

There were no matters arising from the 60th Annual General Meeting.

4. Consideration and adoption of the Annual Report and Annual Accounts

Sue noted that the draft accounts (including the audit report) were at the back of the AGM booklet which had been circulated to members. She asked Steve if he had anything to say concerning the accounts. Steve said that it had been a fairly normal year, with no significant profit or loss made. Steve noted that the lodge income was down slightly; this was perhaps due to the ski season not being so good. He also pointed out the cost for the work on the club bus and the price obtained for the bus as well as the costs for the journal and 60th celebration which had come out of the club equity.

Sue called for any questions, and some were raised concerning the various changes to committee positions during the year. Sue talked about what had happened with the Chief Guide

and Assistant Chief Guide roles over the last year and that heading into the next year without an Assistant Chief Guide did make it difficult to run the clubs activities.

Motion: That the draft Annual Report and Annual Accounts as circulated be adopted.

Moved: Gerald Dreaver

Seconded: Dave Bergin

Outcome: Passed

5. Election of Officers to the General Committee for the 2008/2009 term

Sue went through the nominations for the General Committee positions, noting the addition of Amanda Wells had been nominated for Promotions Officer following going to print:

Sue Walsh	President
Darren Hammond	Vice President
<i>No nomination received</i>	Secretary
Steve Austin	Treasurer
Paul Jeffries	Chief Guide
<i>No nomination received</i>	Assistant Chief Guide)
Michael Lightbourne	Editor
Marie Smith	Social Convenor
Andrew Trembath	Transport Officer
Amada Wells	Promotions Officer
Ian Bunckenburg	Ruapehu Lodge Maintenance Officer
Bronwyn Bell	Membership Officer

Darren asked Sue to talk about what was happening with the Editor and Gear Custodian roles. Sue explained how for the coming year General Committee was going to trial running an Editor role on the general committee with a sub-committee covering the journal, web and newsletter. The Editor would come from the sub-committee. Also the Gear Custodian would report through to the General Committee through the Chief Guide rather than hold a position on that committee. This was primarily to reduce the number of General Committee positions. Alterations to the club policies would be considered following the trial. Sue asked if there were any concerns or questions, before moving on to the vote.

Motion: That the people nominated be duly elected to serve on the General Committee for the 2008/2009 term.

Moved: Ailsa Chisholm

Seconded: Ray Walker

Outcome: Passed

Sue also noted that Elizabeth Henderson was interested in taking on the secretary role, but she still needed to complete another trip and become a club member.

6. Consideration of the Election of Life Members

There were no nominations this year to consider.

7. General Business

Lodge Interior Up Grade

Buncks went through his presentation and samples relating to the redecoration of the lodge lounge and serving area. This would include replacing the bench seats with movable lounges. Buncks also talked about the Taranaki windows and re-glazing them. Concerning the fixed furnishings, the lodge sub-committee recommended replacing the curtains in the lounge/dining area and using carpet tiles through the lounge and dance area. It was also suggesting updating the kitchen serving bench. Sue summarised the request and called for any questions.

Ailsa asked if there would be any change to the seating capacity. Buncks said it was about making the chairs movable, not changing the capacity. Moveable seating is working well in Serac. Garry asked if they would be comfortable and Ray asked if there would be a ban on dancing. The comfort was decided to be relative to the user and dancing wouldn't be banned. Someone asked if there would still be coffee tables. Buncks said yes but smaller, more movable ones. Ailsa said the carpet should be selected to withstand the occasional solstice party accident, for example dark colours would best survive red wine spills. Someone asked why the floor was not being replaced with more boards. Buncks will note this question for the lodge subcommittee.

Harry asked about how the project was going to be funded. Buncks said that the reserve of \$110,000 for the lodge would be accessed, that is the funding would come from that. Ray asked if the requested \$22,000 would be enough to cover all of the listed work. Buncks noted that he wasn't sure at this stage, but was also keen for any increase to go through committee. It was decided to give General Committee the authority to increase funding for the project up to \$8000 if required.

Motion: That the club spends up to \$22,000 on redecorating the lounge area, including carpets, curtains and moveable seats, reglazing the Taranaki windows and updating the serving bench in the kitchen area.

Moved: Ian Bunckenburg

Seconded: Andrew Trembath

Outcome: Passed

Motion: That the General Committee can approve an additional \$8,000 for the above work if required.

Moved: Barrie Noyce

Seconded: Eric Blumhardt

Outcome: Passed

Donation to the Himalayan Trust

Sue asked Steve if he would talk about this. Steve summarised the proposal as circulated. Barrie suggested raising the amount to \$1,000. This was discussed.

Motion: That the club make a donation to The Sir Edmund Hillary Himalayan Trust (UK) of NZD \$1,000.

Moved: Steve Austin

Seconded: Sue Walsh

Outcome: Passed

Sue called for any other general business, questions or comments. Someone asked whether it was worthwhile putting double glazing in throughout the lodge. Buncks noted that this was occurring, but as part of a longer term project. Brian asked about the problem with dampness in the end bunkroom walls. Buncks reported on what the investigations had found and what was being done, noting that it should all be ready for the coming ski season.

Someone requested that the address list go back to having the surname first and requested that the errors be removed. Sue said this was noted, and the database was being reviewed because of the problems it was causing.

Eric Blumhardt raised a point from Don Goodhue who couldn't attend – Don wanted to ask why the money was spent on the bus before it was sold. Andrew said that the work was required for the bus to Certificate of Fitness (CoF) and that the issues around the bus then further compounded to make it sensible to sell the bus. (It would be even more difficult to sell the bus without a CoF.)

Ray asked if anything was happening with the club website update. Sue asked Dave Bergin to talk about this, noting that he would be looking at it now he had stepped down from General Committee. Dave said that the website needed to be completely overhauled to bring it up to modern standards. Dave was looking in to how to rebuild it from scratch.

Wayne Stevens asked what was happening concerning the club transport. Geoff said that a new sub-committee had been formed to look at this and it was hoped to resolve the transport issue soon. A presentation night was planned to inform general membership. Ailsa asked if it was known that the club transport costs were being covered by the club fees, now that we had changed to using rental vans. Steve said that this wasn't being looked at as it was hoped to resolve the question of club transport in the near future.

Sue called for any remaining questions or comments and none were raised. There being no further business the meeting Sue closed the meeting at 8.50pm.

**Annual Report of
The Wellington Tramping & Mountaineering Club Inc.**

For the year ended 31 January 2009

Sixty-Second Annual Report

President's Comments

The Committee is pleased to present to members the 2008/2009 annual report and accounts.

From the following reports you will see that we have had another successful year. It is very pleasing to see the tremendous progress made on the transport front with the purchase of the Ford Transit van, which is proving to be very popular and versatile. The Committee year started without an Assistant Chief Guide and Secretary. It was very pleasing to have Clinton Hunter approach Committee offering to take on the role of Assistant Chief Guide and Elizabeth Henderson offering to take on Secretary, especially as Elizabeth wasn't a member at the time of her approach to Committee.

In the last year we trialed reducing the number of AGM voted committee positions by two (Journal Editor and Gear Custodian). These two roles were identified as being the best able to report through another committee position (Newsletter Editor and Chief Guide respectively). Overall this has worked well with the respective committee members sending through reports and updates through the nominated officer in most cases. Due to the success of this, this will be carried forward into the 2009/2010 committee year. At this stage we will not be looking to make changes to the Constitution so future committees have the flexibility to make these roles AGM voted positions again if need be.

Committee met for a planning day early in the New Year, following the success of a similar day in 2008. The purpose of this was to identify and discuss other issues that don't get normal committee time. The day was very productive and a range of items were discussed and action plans put in place where appropriate. These covered such items as training, the membership database and the club website.

I would like to thank committee for their contribution in the last year. The majority of committee came back for another year and their continued enthusiasm, interest and drive for the club is to be commended. I would like to thank everyone for the great work they have done.

As well as committee, we have numerous other volunteers and I would like to acknowledge and extend my thanks to all the members who have helped out. Our other volunteers have welcomed new people on the door, issued gear, driven the club van and hire mini-vans, led trips, taken bookings and ordered food for the lodge, looked after maintenance for the lodge and other huts, banked trip money, kept our website running, organised and instructed on courses and been involved in a variety of other tasks – your involvement has been magnificent. Thanks also to those landowners who have allowed us access through their properties, and to our Wednesday night speakers who have given their time.

Sue Walsh
President

General Committee Officers for 2008 / 2009

President	Sue Walsh
Vice Presidents	Darren Hammond
Secretary	Elizabeth Henderson (resigned Dec 08)
Treasurer	Steve Austin
Chief Guide	Paul Jeffries
Assistant Chief Guide	Clinton Hunter
Newsletter Editor	Michael Lightbourne
Social Convenor	Marie Smith
Promotions Officer	Amanda Wells
Ruapehu Lodge Maintenance Officer	Ian Bunckenburg
Membership Secretary	Bronwyn Bell
Transport Officer	Andrew Trembath
Journal Editor (Non AGM voted role)	Grant Newton
Gear Custodian (Non AGM voted role)	Marie Henderson

Committee Reports

Chief Guide

What an amazing year it's been. It's been great to see so many new faces and the return of regulars. The website upgrade has been really well received and will continue to be a vital part of our club information in the future. I have really enjoyed the variety of Chief Guide tasks and its rewards. Our strong team of Club Officers has contributed to the co-ordination of many successful trips.

Highlights for the year have included:

- 80 people attending New Members night
- a brilliant Winter solstice at the Lodge
- 25 members participating in Instruction weekends mastering both Leadership and Bushcraft
- a new floor at Paua Hut
- Snowcraft training course
- quality guest speakers at club nights

The Transport Committee successfully brought to us a spacious new van, so we no longer need to rely solely on rentals.

Locations visited

Successful trips into the hills included:

North Island	South Island
Ruahines Forest Park	Marlborough Sounds
Tararuas Forest Park	Nelson Lakes National Park
Kaweka Forest Park	Lewis Pass Scenic Reserve
Taranaki/Egmont National Park	Richmond Forest Park
Tongariro National Park	Abel Tasman National Park
Kaimanawa Forest Park	Kaikoura Ranges
Rimutaka Forest Park	Kahurangi National Park
East Harbour Regional Park	Paparoa National Park
Belmont Regional Park	Aoraki / Mt Cook National Park
Haurangi Forest Park	
Akatarawa Forest Park	
Whanganui National Park	

Chief Guide

First of All...

2008 was a good year for the club and a large number of people were involved with trip organizing in the club. Without the devotion and effort of these great individuals, many of our trips would not be possible. Firstly, a great thank you to all of our leaders who did the work to plan and lead our trips. Their continued support and initiative has broadened our trip base and encouraged new leaders to take up the exciting challenge. Secondly, we also have a number of key people who did organizing as part of the Chief Guides' subcommittee. We would like to thank Craig Bellhouse for his work in organizing trip sheets and getting them posted and Jackie Foster who acted as our coordinator for search and rescue contacts for the year and all of the people who volunteered to help her. We would also like to thank Mike McGavin for his work in organizing the statistics for all of our trips this year. Thirdly, we had a couple of key people who helped to organize our instruction courses. We would like to thank Sharron Came and Sue Walsh for their excellent efforts in organizing the snow craft and trip leadership courses this year. To finish, we would especially like to thank all the punters who put on their tramping boots, or other related gear, and shared the journey.

Training

Instruction

Two instruction courses were run for trip leaders during 2008. The first was a trip leadership weekend at Camp Wainui in Lower Hutt that gave potential trip leaders an introduction of how trip leaders organized trips with the club. Ten people participated in the course. The course covered a number of topics essential to trip leading, such as how to organize a trip with the club, and skills required out on the trail. This course was well received. All participants enjoyed the course and thought it was worthwhile. Three participants found that the course would improve their confidence in leading trips. It was felt by some that a more comprehensive coverage of some areas should be given, and more practice scenarios should be added to the course. As a result of this feedback, and a general feeling that there was a need in improving the club's skills base, a more in-depth series of training workshops for trip leaders took place over a weekend in November 2008. Topics that were covered included navigation both theoretical and practical, food on tramps, search and rescue and many scenarios.

Snowcraft

The snowcraft course coordinator for the club, Sharron Came, produced a comprehensive report on the outcomes of these courses which is summarized here. In 2008 only the snowcraft course ran. In past years an alpine instruction component has run but this was cancelled due to lack of interest. Nineteen people participated, six of which were non-members. The courses were held at the club lodge on Ruapehu and ran in July. The courses were hampered by bad weather and it was not possible to teach the entire course syllabus as a result. Sharron noted that there was no practical component to avalanche awareness training. Following the snowcraft course, a number of recommendations were made by Sharron, the majority of which have been approved and will be implemented in 2009/2010.

Huts

Grant Newton represented the Club on the Tararua Aorangi Huts committee during the last year.

Of our huts:

Mountain House Shelter – the club continues to maintain the shelter and to clear the surrounding area of rubbish

Paua Hut – Mike Pratt and Phil Kendon continue with the great work on maintaining this wonderful asset. Recent changes include a new floor in the hut.

Smith Creek Shelter – the club continues to have tidy-ups around the hut.

Search and Rescue

2008-2009 was a quiet year again with few call-outs during the year. Club members have continued to participate in ongoing monthly training and the annual SAREX.

Where we went

The club ran a number of trips through the Lower North and Upper South Islands in 2008. Most of the tramps, navigation or alpine trips that did run took place in the Tararua Range (figure 1). The second most common place for these types of trips was in the Ruahine Range. Smaller numbers of trips ran in the South Island and further afield in the North Island.

Figure 1 Destinations for tramps in 2008. Most of these trips were located in the Tararua and Ruahine Range, while smaller numbers of trips ran to the upper South Island.

Trip Scheduling

Trip scheduling changed somewhat towards the end of 2008, with greater use of the club wiki to organize up to date trip leader lists. The Wiki has been used to post information on which trips are running and who is leading them. The trip sheet organizer is currently using the wiki to create the trip sheets with the most up-to-date information. Further use of the wiki will continue into 2009.

Highlights of Statistics

Due to a set of unfortunate circumstances, no statistics are available for the first three months of 2008 (February 1 to May 8, 2008). Furthermore, no statistics are available for 2007 so comparison between 2007 and 2008 is not possible. Mike McGavin organized our statistics after this time and a summary of his statistics are presented here. A full report of these statistics can also be found later in this report.

A total of 94 trips ran between May 2008 and January 2009, 23 were cancelled, 3 were merged with other trips and 13 had an unknown outcome (figure 2). Most of these unknown outcomes occurred due to mishaps in communication. The majority of the trips that were reported to have run (figure 3) were tramps (48), while day walks were in second place (18).

The club offers trips across a wide range of fitness and difficulties and we try to provide an equal number of trips of each grade each weekend. There was some variation in the number of trips across each grade (Figure 4). About one third of the trips that were reported to the statistics person were medium grade (34). However, easy and easy-medium grade trips combined (36) matched the number of medium trips that ran, and medium-fit, fit and fitness essential grade trips were slightly less (26). This appears to imply that there is a wide, but equally weighted range of variation in the difficulty of trips that we run. Only one trip that ran was graded fitness essential.

Figure 2 Trip outcomes for WTMC, May 9 2008 - Feb 2009

Figure 3 Breakdown of trip types that ran and were reported. Note that although no cycle trips are shown, two were cancelled and two had unknown outcomes

Figure 4 Grades of trips that ran. Most trips were medium grade.

In terms of the number of person-days on trips (figure 5a-c), tramps form the core activity of the club with close to 50% of person days on tramps. For tramps, one person day counts as the number of nights (usually 2) one person spends on a trip. For day walks, one person day counts as one person on a day walk. So, ten people on a weekend tramp running from Saturday morning to Sunday afternoon counts as a total of twenty person-days. It is interesting to note that, after tramping, non-members spent a greater proportion of their time on club trips on day walks while members were more likely to spend their time on other types of club trips (e.g. kayak, navigation, instruction, alpine, etc.). However, for both members and non-members, tramping was the main activity. We are still very much a tramping club. When the person days are separated by trip

grade, easy trips had the highest number of person-days. This higher number is due to larger groups of people on easy trips.

Figure 5a number of member days spent on each activity.

Figure 5b Number of non-member days on club trips

Figure 5c Number of total person days on club trips

In summary, 2008 was a good year for the club, and we hope that we can build on the great work that was done in 2008 for the club during 2009.

Paul Jeffries
Chief Guide

Clinton Hunter
Assistant Chief Guide

Mike McGavin
Trip Statistics, Chief Guide's Subcommittee

Gear

The club gear room roster is working well, but with people arriving and leaving or having other commitments crop up there is always a need to have a few spare people around. If you are interested in being on the gear roster, ask me for more details. It is a great way to contribute to club and also find out about how the club gear works.

This year we conducted a review of the club first aid kits with some changes being made to the contents and also changing the container to a softpack. The softpack will make it easier to pack the first aid kit, but overall the weight is still similar at 700g (for those of you who are weight conscious!).

A special thanks to Allen and Sue Higgins who have helped out with quite a few repairs and with getting me up to speed on such over the last year and a half and also to Louise Hargreaves who provided advice and help on the first aid kit review.

Marie Henderson
Gear Custodian

Ruapehu Lodge

During the 2008 year we have had a very busy year on the maintenance of the lodge. Because of a major leak problem on the Bunk Room wing we decided to replace the interior and exterior cladding. At the same time the windows on the wing were replaced and the insulation in the walls. The ceilings were lowered, and insulation has been placed into the cavity that was made.

At the end of last year we redesigned the seating in the lounge area as approved by the AGM in 2008. When the wall cavity was opened up, several leaks were discovered in the cladding so we are now in the process of replacing the cladding and relining the walls. The window facing up the hill towards the CTC lodge will be replaced at the end of February during the working party scheduled for then.

The new stand alone seating will be put into place ready for the winter.

We received approval from the AGM to replace the Taranaki window, however we have not yet come up with a final solution and will be investigating a couple of options over the next few months.

One of the assets that we purchased during the year was two 30 litre dehumidifiers' that we managed to buy at a very good price of \$375 each. We plan to use these in the bunk room wing to remove the excess moisture that is produced by people living there.

Our sub committee has a very open policy about what we do to the Clubs' lodge and welcome suggestions and ideas, and listen to opinions' about what could be done to improve the Lodge. It was very disappointing to be subjected to a barrage of negative emails and several accusations that we did not carry out this process, especially as we went to the AGM for the club approval for the work that we are now doing in the lodge. I try to regularly give up dates on what is going on and members only need to call me for any information on the different projects.

Every club member is welcome to assist in a working party so please ring me to find out when the next one is. I would like to personally thank the few who regularly partake in the working parties, giving up their valuable free time to better the lodge.

Ian Bunckenburg
Lodge Maintenance Officer

WTMC Membership

Below is a summary of membership numbers over the last eight years:

Member info	2008 /09	2007 /08	2006 /07	2005 /06	2004 /05	2003 /04	2002 /03	2001 /02
Members start of year	453	442	429	428	435	423	396	368
Plus new members	37	30	41	34	34	46	55	52
Less resignations, deletions	-12	-19	-28	-33	-41	-34	-28	-24
Members at year end	478	453	442	429	428	435	423	396

The membership Access database is under reconstruction by a club member who understands Access database. At the same time the club website is being developed to incorporate all of the membership information (subs/invoicing etc).

Some of the problems with the current Access database, which are being worked on, are:

- the FMC query no longer works
- there are various different numbers of members, dependent on which table is accessed.
- some minor changes are done several times and don't save.
- there are too many queries and tables to try to find simple information, and it's over complicated unless you're an Access database developer.

Members are encouraged to keep the club up to date with any changes of address details either through the club website or by emailing membership@wtmc.org.nz This helps us to keep in touch via newsletters and other mail outs.

Bronwyn Bell
WTMC Membership Officer

Promotions

Transport

We were very pleased to purchase a 12 seat Ford Transit van in August last year. A sub-committee was set up to look at the options available to the club. The hard work of this group resulted in the excellent purchase of the van. The sub-committee also looked at options for a second van, initially looking to purchase an older van. The success of the first van has pointed the sub-committee towards the second van being newer than originally anticipated. This has a direct impact on cost and a proposal around this will be tabled at the AGM.

I would like to thank those who have helped out with the club transport, especially all drivers, Ailsa for doing the South Island bookings and the transport sub committee for their work in purchasing the new van. Without your help, we could not run the transport for the club. I would like to mention a big thank you to Geoff Crockford who got things moving again with the club transport and spearheading the sub-committee in it's initial phases, and arranging the sale of the Orient Express and also thanks to Roger Bolam who find the new van and did his normal wheeling and dealing to get us the van at a great price.

Andrew Trembath
Transport Officer

Social Convenor

We have maintained good attendance on club nights, even taking into account the usual dip in numbers during the middle of the year due to bad weather/hibernation. The most popular night of the year by far was the Photo Competition and once again, Shaun Barnett was incredibly generous in sharing his time and knowledge with us.

The presentations about places this year have favoured New Zealand: there is roughly a 60/40 split between those on tramping here and overseas adventures. Those

presentations not focused on trips have included: looking after your body on a tramp; bush-fire fighting in the US; making fire without matches; SAR; and what to eat on a tramp. However, my personal highlight was the very special guest we had in March – a tuatara. The club is able to use Wednesday night's to deal with practical matters: we had a presentation and then an SGM on whether the club should purchase a new van. After many years of discussion, and a lot of hard work from the transport sub-committee, we got that issue sorted.

Club members have been great about coming forward and sharing their stories and photos and I'm very grateful to all of them. Sarah Young has cheerfully stepped in as tea lady when I've not been available, and did a lot of work to get the photo competition organised so a very special thanks to her. And to all those who help out in the kitchen and set out chairs – thank you very much.

Looking back over the last year has made me realise what a very satisfying job the Social Convenor has. I have enjoyed my two years as Social Convenor for the WTMC, but it's time for someone else to put their stamp on the job.

Marie Smith

Social Convenor
